An Interesting Case in the Circuit Court The Facts in the Matter Agreed to by the Litigants.

A case of more than usual interest, and one involving several questions of importance, is now pending in the circuit court. This case was filed upon an agreed statement of facts y Sheriff Anderson, of the county of Shelby. The case is upon a motion to tax certain costs to the county, and to have the same certified to the circuit court for payment. The agreed statement of facts is as follows: The county court failed to select the jurors for the Sep-tember term, 1877; thereupon the circuit court designated thirty-four jurors, ordered a enire facias to issue to the sheriff, which was executed by him on said thirty-four jurors. Twenty four jurors were selected and impaneled as petit jurors for the term, and the sheriff was allowed fifteen cents as jury fee in each case tried during the term, etc. The county court refused to pay or make any appropriation for said services of the sheriff in executing the original venire on the thirty-four men designated as jurors and summoned as such until the same shall be adjudicated as a valid charge against the county, and certified as such by the circuit court or by the supreme court, etc.

ATTEMPTED ASSASSINATION. Two Negroes Beset by Unknown White

gerously Wounded-No Arrests. Yesterday morning a negro named Sidney leriwether was sent to the city hospital to be treated for a wound received on the side of his head. It is said that Meriwether and an other colored man, named Henderson Lanier were attacked by five white men Tuesday night, near the Park place, seven miles north of the city. According to the report which reached here yesterday, Meriwether and Lanier were going to a meeting of a benevolent society, of which they are members, and were beset on the public road by five white

men, who ordered them to turn back. The negroes refused tocomply with the order, as they had a right to travel the public road, and were not engaged in any unlawful conduct. The white men then threatened to shoot the negroes, who then made an effort to run. As the two started off, the white men fired, the load of shot striking Meriwether in the head and fracturing the skull to a depth of two inches. Two shots were then fired at Lanier, who escaped unhurt, and, arousing the neighbors, caped unnurt, and, arousing the neighbors, informed them of the murderous attempt. The negroes think that Tom Pugh, Mack Williams and Frank Manus did the shooting. Mack Williams, some time ago, killed Henry Davis, colored, and wounded Wash Evans in Peabody hotel Sunday morning, delivered himself to Deputy-Sheriff M'Mahon. After the shooting Mr. Wooldridge quietly and leisurely walked up the most public street of the city, and then proceeded to the country. He determined to surrender himself as soon the above-named neighborhood. There seems to be a feud between the whites and blacks in this neighborhood. The parties who did as the result of Mr. Wait's wounds were as-certained. Learning yesterday that Mr. Wait had died, Mr. Wooldridge sent word the shooting should be arrested and brought to trial, whoever they are. Outside of mere

report, there is no evidence that Williams Manus or Pugh were engaged in this affair. Go and See the Grand Exposition Of fall and winter novelties,

Chicago Times's Montreal letter: The arri val and probable permanent settlement of the delegate apostolic—for his labors will take many a long day to complete—prompt a consideration of the relations of the church in Canada with the Vatican. Long before the British conquest the church had made invaluable acquisitions of land in Canada.
